TROLLEY CAR HIT BY ENGINE AND 18 HURT

Horrible Accident to Gay Holiday Crowd At Dayton

[By Telegraph to The Age] Dayton, O., Nov. 29.—Eighteen persons, suburbanites, were injured here when a traction car on the Dayton & Xenia line was struck by a Big Four freight engine, which was backing out of Union station. None of the injured, it is believed, will die.

The accident occurred at midnight at Ludlow street crossing. The engine, traveling at a good speed, struck the car almost in the center and, lifting it from its bent and twisted trucks, hurled it into Ludlow street, fortunately out of the path of the engine. Immediately the air was filled with cries of pain and terror and the interior of the wrecked car became a fighting, struggling mass, in which those passengers who were not injured fought to get out into the open air with the recklessness of madmen. The car was soon emptied of those of its passengers who were able to care for themselves.

As soon as everybody saw the danger had passed a search was instituted for the missing. The car was filled with people, many of them women, the majority of whom had fainted, either from injuries or their fright.

Good Show Last Night. The Cutter Stock company delighted a large audience at the Sixth street theatre Thursday evening in their play "In the Rogie's Gallery." It was pronounced the best show of the week by those who are regular attendants at the theatre.

Jim's Wonderful Shot

When it comes to shooting things Jim Preston has them all beat a block. Thursday morning he and Clarence Hay went in pursuit of the festive wild duck down in the Conesville country. These birds have the reputation of being most elusive things but Jim is just home from the Adirondaks where he has been associating with bears and deer so he thought a mere goose would be nuts for him and he was right; with his little rifle and a distance of a half a mile he hit his prey, or the wing. Where does Clarence Hay come in, in the story? Oh, he bailed out the boat which finally became so full of water that the doughty hunters were forced to wade out.

MT. VERNON PLAYER BADLY HURT IN THANKSGIVING GAME

Ernest Amadon, who played right half back for Mt. Vernon in the football game here Thanksgiving, was in a somewhat critical condition in room 40 at the Park hotel after the game and was unable to attend the dance at Forbes' hall. The young man has been troubled with appendicitis and a bump which he received in the side brought on another attack of the trouble. For a while his condition seemed very serious but he improved somewhat and was able to be up and around Friday morning and will return on No. 3 to his home.

Shot His Toe. Clyde McCasker, aged twelve years, shot himself in the foot with a rifle at his home two miles west of Keene Friday afternoon at one o'clock.

With Light Company. Hayes Preston has taken a position as solicitor for the Light and Heating Co. and will look after new business in light, heat and power for the company. He will make estimates, etc., and push the business.

The Age Got Her Picture

Mr. Lingafelter followed as soon as he realized what had happened. "Did you get a picture of Mrs. Lingafelter?" he asked. "We hope we did, sir" one of the reporters replied. "I want you to understand that we will not permit any picture to be published, under any circumstances. Mrs. Lingafelter has trouble enough without newspaper notoriety." The reporters gave him their cards and went their way. Some an emissary answered at the door of the Age and she insisted that no picture be printed. At the hour of crisis in court

TRAIN NO. 3 JUST ESCAPES GOING IN RIVER

Pilot of Engine Got Loose At Morgan Run

[By Telegraph to The Age] An accident that might have cost the lives of a number of people occurred about 5 o'clock to the engine on passenger train No. 3 at Morgan Run Thursday evening.

The train was running at a speed of 35 or 40 miles an hour, when the accident occurred, and it is almost a miracle that the entire train was not piled upon the track.

Near the Morgan Run crossing, the pilot of the engine came loose and dropped down on the track in front of the train. The wooden platform at that place was torn out and scattered on both sides of the track quite a distance. The engineer stopped the train gradually, but not until the front trucks of the engine were off the track, and had bumped the ties nearly one-fourth of a mile.

The track runs parallel with the river at this point, and had the train gone a few feet farther before being stopped, the engine and possibly a few cars would have toppled over into the river.

The passengers knew nothing of their danger until the train stopped, and it was all over. Then they climbed off the train and ran to the engine to find why the stop was made. They were all very thankful for their narrow escape.

A fast freight train following the messenger was flagged, and the freight crew assisted the passenger crew in replacing the engine. The run to Columbus was made without further mishap, and the engine will be in the shops there several days for repairs. The cause of the pilot dropping on the track, is supposed to have been defective bolts breaking.

LUXURY NO BAR TO DEATH

Ry. President And Guests Killed In Private Car

[By Telegraph to The Age]

Lynchburg, Va., Nov. 30. — In the rear-end collision between two fast passenger trains 10 miles south of this city, Samuel Spencer, president of the Southern railroad, and five others were killed, and 11 persons, the majority of whom are negroes, injured. Philip Schuyler, a retired capitalist of New York, was among the killed, together with other guests of Mr. Spencer. Only Mr. Spencer's private secretary, E. A. Merrill of New York city, and one of the three porters, survived the accident. The death list: President Samuel Spencer, New York city; Charles D. Fisher, Baltimore; D. W. Davis, Alexandria, Va., private dispatcher to President Spencer; William Pollard, negro porter on President Spencer's car, who died in a hospital here; an unknown person, whose head and limbs are burned off short, who is believed to be the third porter on the private car, who is missing.

Mr. Spencer's destination was Friendship, N. C., where he was going on a hunting trip with Messrs. Fisher, Schuyler, Redwood and Merrill as his guests.

The collision was between the Jacksonville express and the Washington and southwestern vestibule limited, both southbound. President Spencer and his party, as far as is known, were sleeping when the collision occurred, and the probabilities are that all of their excepting Dispatcher Davis were killed instantly. It is certain that life was extinct before the flames touched them. President Spencer's body was burned almost beyond recognition, as was that of Mr. Fisher. The body of Mr. Schuyler was taken from under the train before it was burned very much, having been singed only slightly. President Spencer's car was attached to the rear of the Jacksonville train, which was standing still when struck.

The impact drove the combination car forward and the express car lifted up, together with its trucks, and crushed the car 40 feet, leaving the remainder of the car strewn with tons of baggage and colored passengers, who were pushed back like rats as the express car crushed the combination car. The combination car did not leave the track, and in clearing the track the express car was hauled to a siding a mile distant on top and in the debris of the combination car. How the negro passengers in this combination, which is known as the "jim crow" part of the train, escaped, none of them being killed, is beyond explanation. A number of them, however, sustained severe injuries.

The Jacksonville express had the right of way in the block and the engine broke away from the train and proceeded two miles, one of which was beyond Lawyers, before the engineer noticed he was without his train. It may be that when he passed Lawyers the operator gave Rangoon a clear track without noticing whether the rear-end markers were to be seen before he did so.

D. J. Maddux, the operator at Rangoon, who was on duty at the time of the accident, has disappeared. It is said, and he can not be found, although railway officials have made an effort to locate him.

A number ransacked the wrecked cars for plunder. Some of the passengers are said to have participated in this, and a large amount of jewels and money scattered about the debris was taken. A porter was seen to go through a woman's grip and throw away things of no value to him and appropriate those things that he wanted. Washington, Nov. 30.—The special train arrived from the scene of the Southern railway collision, bringing the bodies of President Samuel Spencer, Philip Schuyler of New York, Charles D. Fisher and Frank T. Redwood of Baltimore, and an unidentified negro porter. The body of President Spencer was taken in charge at the train by a local undertaker. The body of the negro porter was taken to the morgue at the city hospital.

HON. ATLEE POMERENE

Of Canton, who will deliver the address at the Elks annual session of sorrow Sunday afternoon, at two o'clock at the Sixth Street theatre, is a brother of Dr. Lister Pomerene, of this city, and is an able speaker. A cordial invitation is extended to the public to attend the Memorial service. An excellent musical program has been prepared by Messrs. Hoffman and Kellar.

PHI SIGMA CHI BOYS MAKE JOVIAL HOSTS

DICKERSON TAKES ON AIRS OF ARISTOCRAT

Ben Dickerson, the Coshocton murderer, in the annex of the penitentiary, awaiting death in the electric chair, does not mingle with the other murderers and is practically a hermit in the death cage, says the Columbus Dispatch. Dr. Haughlin and Castor hardly ever speak to him, and Dickerson remains by himself, seldom speaking. He seems to be more affected by his situation than any of the other murderers.

Dickerson was a respected farmer. He has taken to heart everything in the case in which he was convicted of brutally murdering a woman. He does not feel, it seems, that he is in the same class with laugh and Castor and does not mingle in their rough talk and jokes. Neither does he play cards with them.

Dickerson reads intently and is now busy on Shakespeare works, an entire set of which he has in the annex.

Oil Field at Bakersville The Real Thing

The oil field at Bakersville bids fair to be the best in this part of the state, as the Corbit well has developed a strong flow of salt water, which in oil country lore means a certainty of oil to follow in paying quantities. The rig was moved today to the John DeWitt farm and another well will be put down at once, and the Corbit well pumped at the same time. Stephen Lovell, Chas. Stedebauer and David Zimmerman, the latter two township officials, were in Coshocton Friday. Mr. Zimmerman as notary has drawn up leases for nearly 6,000 acres of leases there.

Were Wedded Last June

James C. Kastetter and Miss Charlotte E. Sheeley today announced their marriage at Covington, Ky. Last June 21. Mr. Kastetter is a well known young man of this city who has just returned from Nelsonville where he successfully operated a moving picture machine this season. His bride, who has been employed in one of the local shops, is also a popular young lady. The announcement comes as a surprise.

Masons Meet Tonight. A special meeting of the Coshocton lodge No. 96 F. & A. M. will be held in their hall this (Friday) evening.

Dance a Splendid Success ---Banquet The Climax

The boys of the Phi Sigma Chi fraternity have certainly mastered the gentle art of entertaining. The card party which they gave in their admirably appointed rooms in Frew building just a week ago is still being talked about by all those who were lucky enough to be there and their dances have always been great successes. The one last night given in Forbes hall though was the best of all and added a whole grand of laurel to the crown they already have. It was given particularly for the pleasure of the Mt. Vernon boys who put up such a valiant game of football in the afternoon but numerous other "Phi Sigs" from different chapters scattered over the state were here and were given a place among the honored ones. The Coshocton girls, as well as a number of visiting ones were out in their prettiest gowns, there was a long line of chaperones to add to the gathering and the music furnished by Johnson's Imperial orchestra was all that could be desired. There were close onto one hundred and twenty-five couples present and the young people danced indefatigably until midnight and then only stopped because the strains of the "Home Waltz" came as a gentle reminder that the festivities were over. Over for some of the guests at least but there was one last bit of gaiety for the fraternity boys—a banquet at the Park hotel.

It was gotten up in Landlord Ball's best style and proved a fitting finale to the gayeties of the day. Covers were laid for 53. Phi Sigs among them being National President Clemens and National Treasurer Snow of Mt. Vernon; a number of other members of the Mt. Vernon chapter were present as well as men from Columbus, Delaware, Dennison and Newark. When the viands had all been disposed of the toasts began. Roy Kirk was toast master and resolutions were made by President Clemens, Secretary Snow, Brothers Clemons of Delaware, Fant of Newark, Rawner of Columbus, Stone of Mt. Vernon, McCabe and Price of Coshocton.

The trains today have been carrying the visiting members to their homes to the deep regret of all the friends they made during their visit here. The time they spent here has been one round of gaiety and the members of the local chapter have wroved themselves indefatigable hosts. The visitors are loud in their praises of Coshocton.

To Move Here.

B. F. Storey, the well known gardener and farmer of Roscoe, has purchased the DeMoss property on Second street and will move to Coshocton in the spring. He contemplates erecting a number of houses and going into the real estate business.

In Library. Two more copies of Mrs. Bidy's book Science and Health have been donated to the library. Scientists will also donate to the library the Sentinel and Journal the weekly, and monthly official publications of the creed.

YOUNG NOSKER SAID TO BE IN GOOD POSITION

Police Get Message From Cleveland With A Good Clue

A message was received at police headquarters here Wednesday night from a gentleman in Cleveland, stating that Ernest Nosker, the young man who so mysteriously disappeared from his home west of Roscoe several weeks ago, was in Cleveland and employed there as a teamster.

The informant stated that he knew the lad well, and had induced him to write a letter home telling his people where he was located, and that the letter had been written but never mailed. The young man has a good position, and it seems as afraid to tell his parents of his location, fearing that they would insist on his coming home.

The gentleman seemed to be certain that it was Ernest Nosker who he was speaking of, and asked that his parents be notified at once.

Chief Maple telephone Sherman Nosker, and he is investigating the new story, although did not seem to have much faith in it when told about it.

Two Deaths

Death at West Carlisle. George C. Lyons, who lived near West Carlisle, died Thursday morning at 10:30 of organic disease of the heart. He had been in failing health for some time, but his death was sudden, while sitting in his chair. His first wife, who died six years ago, was a sister of Judge Gault. He was about sixty years of age. He will be buried Saturday at West Carlisle. He is survived by a widow and four children. They are J. E. Lyons, of New Castle; Mrs. George Wright, of Cooperdale; Mrs. Anna Edwards, of West Carlisle; and Miss Addie Lyons.

Mrs. Sprinkle Dead. Mrs. William Sprinkle who lives about four miles northwest of Coshocton, died Thursday at 10 o'clock. Mrs. Sprinkle was born in a western state, but has lived in this county many years, and is well known to a number of friends. She was 62 years old. Mr. Sprinkle is still living, and Abraham Hoagland, who lives near Keene, is a half brother to Mrs. Sprinkle. Mrs. Owen Marshall and Mrs. Lizzie Talmadge who live in this city, are cousins. She was a niece of Archie Burrell in this city. The funeral will leave the house at 10 a. m. Saturday morning, and services will be conducted at Prairie Chapel, at 11 o'clock Rev. Robertson will have charge.

THREE YEARS IN PEN

Mary J. Lingafelter was sentenced to three years in the Ohio penitentiary for forgery by Judge Campbell Friday afternoon at 4:30.

Before sentence was pronounced the defendant stepped before the judge and dramatically exclaimed "I never aided or abetted in the commission of a forgery in my life! I am not guilty so help me God!"

Judge Campbell overruled the motion for a new trial. The case will be carried up to the circuit court. The sentence is suspended for fifteen days. Mrs. Lingafelter was placed in Sheriff Browning's care until her bond is fixed. The amount will be \$2,000.

Visited Friends Here. Fred Sharp, who is employed by Banker Brothers, automobile salesmen of Pittsburg, was here giving with friends here. He formerly employed at the works here and was a player on Coshocton football team. He played the game with the team last season.

ON THE PAYING OF BILLS

It is well to pay bills promptly, but not to pay the same bill twice. Accidents may happen, and sometimes bookkeepers send out bills after they have been paid. If they have been paid by check, however, the canceled checks are returned to the maker, and can be produced as receipts. Checking accounts are therefore more than a convenience. Every man or woman who pays bills should do so with checks.

Your checking account will be welcomed at the Coshocton National Bank. Moreover, you are assured of absolute security at this stable institution.

CORNER MAIN AND FOURTH STREETS

SHOT TO KILL.

Young Girl Defends Wife From Husband's Attack.

Thornton, R. I., Nov. 20. — Ethel Smith, the 15-year-old daughter of Special Policeman Leander Smith, is under arrest charged with killing Elmer Briggs, a resident of Thornton. About two weeks ago Briggs is alleged to have deserted his wife, leaving her without means to support herself and her three small children. Special Officer Smith took pity upon the woman and he and his wife received Mrs. Briggs and her children into their home. During the absence of Smith, Briggs tried to force an entrance to the Smith house. Ethel procured her father's revolver as Briggs drew a large carving knife from beneath his coat and cut away the netting from the screen on the front door. The child fired three shots and Briggs fell dead.

Duel With Pistols.

Leavenworth, Kan., Nov. 20. — In a street duel with pistols between two negroes here, James Sanders, a coal miner, was fatally wounded and Richard Nichols, a negro deputy sheriff, and Thomas Gray, also a negro, were dangerously hurt. Nichols and Sanders quarreled over a card game. Later they met on the street and opened fire. Sanders was shot in the back and abdomen and Nichols was shot in the groin and arm. Gray, a bystander, who had no part in the fight, was shot in the abdomen. Nichols was taken to jail and Sanders and Gray are in a hospital.

Runaway Engine.

Winnipeg, Man., Nov. 20. — A runaway switch engine crashed into and derailed a passenger train in the Canadian Northern yards. Two persons were slightly injured. The switch engine, which was then reversed by the engineer, rushed back to the station, crashing into a train of empty freight cars. Two men loading one of the cars were killed and two others injured.

Melody Won.

Boston, Nov. 20. — "Honey" Melody of Charlestown won the welterweight championship of the world from Joe Wolcott of Boston, at the Lincoln Athletic club in Chelsea. In the twelfth round Wolcott quit. He said later his left arm became disabled in the ninth round, and that it was impossible for him to continue fighting.

Mayor Schmitz.

San Francisco, Nov. 20. — Mayor Eugene Schmitz, who has been placed under arrest on a charge of extortion, spent the day receiving friends who called to see him at his home. Visitors came and went continuously. The mayor is due to appear in Judge Dunne's court next Monday to answer five charges of extortion.

Seven Soldiers Killed.

The Hague, Nov. 20. — An official dispatch from Dutch Guinea announces an encounter between a detachment of Dutch troops and a strong band of Alfours, who were traveling from Kansas to Fakfak. Seven soldiers were killed and one officer and six men were wounded.

UNDERSTANDING AMONG LEADERS

Concerning Legislation at the Next Session of Congress.

MAY PASS IMPORTANT BILLS

Philippine Tariff Reduction Measure and the Ship Subsidy Proposition to Be Pushed Through. According to Putative Arrangement — Secretary Wilson's Annual Report.

Washington, Nov. 20. — Two important bills that have been stalled in congress for some years will likely be passed during the session that will be convened Monday. It is stated authoritatively that an understanding has been reached in this matter among leaders of the senate and house. These measures are the ship subsidy bill and the Philippine tariff bill. A third measure figures in the deal—the river and harbor bill, which has always had to fight its way through congress against considerable odds. The states bordering on the Mississippi have been the chief stumbling block in the way of the subsidy bill in the past. These states are badly in need of money for the improvement of sundry creeks and rivers, and it is said that an agreement has been made to pass appropriations for these improvements in return for support from interior states for the subsidy bill.

An increasing surplus in the treasury will help the chances of all three bills. Congress, for several reasons, is averse to letting the surplus pile up in vaults. Advocates of subsidy have been working in its behalf ever since the adjournment last summer. They realize that it must be put through the house during the coming session or postponed indefinitely.

The measure passed the senate last session and it has only to be accepted by the house. It takes more time to pass in the senate a bill that is opposed. Hence the chances of the Philippine tariff bill, which passed the house last winter and was pigeonholed in the committee, are —

good as those of the shipping bill.

In his annual report to the president, Secretary of Agriculture James Wilson says that much progress has been made by the farmer in the sciences and arts of agriculture, aided by the researches of the department. The farm products of the year have a value of very nearly \$6,800,000,000, nearly \$100,000,000 above the value of 1915, and exceeding by over \$2,000,000,000 the figures for the last census. Corn remains by far the most valuable crop, estimated at \$1,100,000,000. Next comes the cotton crop, which, including seed, should be worth to the growers nearly \$610,000,000. The value of hay, third in order, approaches \$600,000,000. Wheat, fourth, may be worth \$170,000,000, oats, \$200,000,000, potatoes, \$100,000,000. Barley, with a value of \$65,000,000, shows a gain of 21 per cent in production in the past seven years. The tobacco crop will be worth \$35,000,000.

MT. VERNON LUCKY TO WIN 6 TO 0 SCORE

Victorious but completely outplayed, the Mt. Vernon Phi Sigma Chi football team left Riverside park Thanksgiving evening, wreathed in smiles and giving their yells most vociferously. They defeated the Coshocton chapter of the fraternity by the score of 6 to 0.

But how the score resulted that day was a mystery to almost every one of the ten hundred people who witnessed the game. For even though Mt. Vernon did make their one touchdown by grabbing up an

Unlucky Fumble they had no license to win anyway as Coshocton held them at will and tore through their line for long gains repeatedly, in fact completely outclassing the Knox county boys so far as straight football was concerned. But Coshocton showed up miserably in catching punts and the visitors relied a great deal upon the

Unerring Toe of Anderson, their fullback, and reported to numerous punts. This kept the ball in Coshocton's end of the field a great deal and the home lads could steadily plow down the field gain toward Mt. Vernon's goal only to see the ball fly through the air gain over their heads.

The game was hard fought and greatly enjoyed by the spectators though better games have been seen in the Coshocton field. A football game seems to be a place where all brotherhood ceases among "frat" boys and even a little foul snugging was indulged in. Few received serious injuries but "Doc" Fisher came out with a

Very Bloody Nose. "Doc" had not played a game for two years and had never practiced with his team nor hardly knew the signals but he displayed all the vim and vigor which characterized his playing in the palmy days of yore.

Frank DeHart was The Real Star for Coshocton and had all his team mates played as well as he did Mt. Vernon would have a different story to tell their friends at home. DeHart was speedy and hard to tackle and used good judgment in staying with his interference. Charley Denman played an aggressive game but made some costly fumbles. He redeemed himself by a

Phenomenal Run near the close of the game. Lee Williams made some excellent gains and Junior Dostwick showed up well in making hard tackles. He fairly flew through the air once and landed Wilson who had just captured McCabe's thirty-five yard punt. Referee Baker, of Delaware, penalized Mt. Vernon fifteen yards for hurdling in the open field.

The game was called at 3:12. Mt. Vernon won the toss and chose to defend the west goal. McCabe kicked off for Coshocton and Charley Denman returned the ball to the Mt. Vernon goal line.

McCabe punted 25 yards. Mt. Vernon punted again to Denman who fumbled the ball and Stophlett grabbed it up near the center of the field, tucked it under his arm and dashed down the field, making

The Only Touchdown after five minutes of play. Amador kicked goal and that ended the scoring, making Mt. Vernon 6 Coshocton 0.

Anderson kicked to Fisher who made 15 yards. Williams went around left on for seven yards. DeHart made six, McCabe five and Rippeth five. DeHart made six, McCabe five and Rippeth five. DeHart added twenty by

Pretty Run. Williams, Denman and DeHart kept making good gains until somebody fumbled and Mt. Vernon pounced on the ball. The first half, which was twenty minutes, ended with the ball inside of Mt. Vernon's five yard line.

The second half was only fifteen minutes. Neither side could get near enough to score and the ball surged back and forth until time was called when it was again

Dangerously Near Mt. Vernon's goal. The crowd was a little disappointed at the result but enjoyed the game nevertheless as it was in ideal day for football and a big percentage of the spectators were ladies.

The Officials. Deaton, of Mt. Vernon, umpire; Baker of Delaware, referee (alternating in the two halves); Bender of Delaware and Peacock, of Coshocton, line-men; Moore of Coshocton and Stone, of Mt. Vernon, time keepers.

McNICHOLS IS HELD BLAMELESS FOR ACCIDENT

Regarding the full acquittal of John McNichols, the Coshocton boy who was falsely accused at Springfield, Ill., the State Journal of that city of recent date has the following to say:

John McNichols, a coal miner employed by the Springfield Colliery company, who was charged with boring the three "dead holes" that resulted in an explosion in which Thos. Hisecock and Thos. Stratton met death was discharged by Police Magistrate Clark B. Shipp.

The evidence showed that while McNichols had bored the holes, he had placed the powder properly in two of them and that the powder for the third hole was placed by the unfortunate shot firers themselves.

Much testimony was also offered to show that the holes had been properly bored and that the results of the explosion were not because the holes were placed wrong, but because powder properly in the first shot which they touched off.

The case was full of interest to miners and there was a large attendance at the hearing, which occupied almost the entire day in Magistrate Shipp's court. The additional fact that within the last month six shot firers have met death in this same manner also resulted in much interest in the hearing. The explosion took place Wednesday, October 17, in the mine of the Springfield Colliery company, northeast of the city. Hisecock and Stratton were shot firers in the mine at the time and both were killed.

Did Not Charge First Hole. On the witness stand, McNichols testified that he had bored the three holes which were the direct cause of the explosion. Nine different state mine examiners who had gone through the mine following the explosion also testified that all three holes were what are generally known among miners as "dead holes"—that is, holes in which the charge exploded, but failed to shatter the coal. The force of the explosion, as a result, is expended directly in the rooms of the mine, thus endangering the lives of miners who may be in the vicinity at the time.

McNichols testified that he had bored three holes in the room where the explosion occurred, that the first hole was bored on the left hand side of the room and in such a way that after it had been exploded there would be plenty of room for coal to be blown out by the explosion of the second hole. He said that the second hole was bored in the same manner, so that when the charge was exploded in it, there would be sufficient room for the coal to be blown out of the third hole.

Left Cartridge for Shot Firers. When he had completed boring the holes, he stated that he discovered the first hole had water in it. He therefore did not charge it, as he feared that the powder would become so wet by the time the shot firers arrived that it would not explode. He charged the other two holes, however, and left a cartridge lying by the first hole, so that the shot firers could charge the first hole themselves, and thus explode all three shots.

There is no certainty as to what happened, as both Hisecock and Stratton were dead when they were found, but it is the theory that the shot firers loaded the first hole and, that in some way they failed to properly tamp the load, and when the explosion came the tamping was blown out into the room, resulting in the firing of the second and third holes. As the first shot had failed to shatter any of the coal there was not sufficient room for the force of the explosion in the second and third holes to be taken up by the coal, and the force was all expended in the room in which Hisecock and Stratton were, causing a terrific explosion of gas that resulted in the death of the two shot firers and did considerable damage to the mine.

Testify Holes Properly Placed. Eleven practical miners, who had examined the three holes bored by McNichols testified that the holes had been properly placed and that if they had done the work themselves they would have placed them in the same way. As McNichols' contention that he had not charged the first hole, but that the shot firers had done so themselves was not disputed, and as it was shown that the holes were properly bored, Magistrate Shipp discharged him after hearing all the evidence.

The warrant for McNichols' arrest was issued at the instance of W. J. Campbell, a state mine examiner, who also secured a warrant for the arrest of John Dickerson, the manager of the mine, charging him with a violation of the mining laws. The specific charge is that he permitted miners to drive an entry ahead of the air, and he will be given a hearing on this charge before Magistrate Shipp.

Sore Throat Wisdom

If every mother could realize the real danger that lurks behind every case of sore throat, she wouldn't rest until she had effected a cure every time a child has it.

Your family physician will verify the statement that it is a positive fact that every child with sore throat is in immediate danger of contracting Croup, Quinsy, Tonsillitis or Diphtheria, and is not removed from that danger until the throat is cured. Think of it!

Liniments, or outward application of medicines do not and cannot cure the ailment, though they may offer temporary relief. Neither can you cure a sore throat with a cough syrup or a cold cure.

To cure, you must get at the seat of the disease, removing the cause. Nothing does that so quickly, safely and surely as TONSILINE. A single dose of TONSILINE taken upon the first appearance of sore throat may save long weeks of sickness, great expense, worry, even death. TONSILINE is the stuff in time.

Use a little sore throat wisdom and buy a bottle of TONSILINE today. You may need it tomorrow.

TONSILINE is the standard sore throat remedy—best known and most effective and most used. Look for the long necked fellow on the 25¢ or 50¢ cent sized bottle when you go to the drug store to get it. The Tonsiline Co., Canton, Ohio.

PLAINFIELD.

Plainfield, Nov. 27—Mrs. Wells Live and Mrs. Welker visited Wednesday with Mrs. T. F. Magness. The public sale of Samuel Wiggins Saturday was well attended. Mr. Wiggins has rented his farm to Lemuel Welker for three years, who subrents to his boys, John and Clifford Welker. Gordin Cook of Cambridge made a business trip here Thursday.

Lantry Leslie of Coshocton is visiting at the home of his grand parents Mr. and Mrs. J. B. Bassett.

George Tidrick still continues quite poorly.

Mrs. Lydia Cook is quite sick, suffering from the infirmities of old age.

The ladies of the M. P. church held their annual Thanksgiving supper in town hall Thursday evening. Owing to the absence of the pastor, Rev. Merchant, the Thanksgiving service will be Sunday.

Joseph Chadderton and wife visited Sunday with Mrs. Willis Baker.

Mrs. Stickrath and daughter Margaret spent Sunday at the Osborn home near Linton.

John McCune, wife and daughter, Beale and Mr. and Mrs. Robert McCune visited Sunday with friends on White Eves.

Mr. and Mrs. Edward McAllister of White Eves entertained with a six o'clock oyster dinner Thursday evening. Those from here who attended were Chas. Kinner, Margaret McCune, Nell Barcroft and James Kinney.

TAKE NOTHING FOR GRANTED. Make G. E. Anderson Prove What Pepsikola Tablets Do For Indigestion.

It stands to reason that C. E. Anderson would not come right out in these columns year after year and ask you to try Pepsikola tablets for indigestion if he were not pretty sure you would receive decided benefit.

You can see that for yourself. The remedy fails to cure every case of course, but he always pays your quarter back, should the tablets fail to do good.

Life is too short, for misrepresentation in matters of this kind, and for the small profit C. E. Anderson makes on a 25 cent package it would be mighty poor judgment to induce you to make a trip to this store and then come home.

If troubled with sour stomach, heart burn, wind belching, coated tongue, loss of appetite, weakened energy, nervousness, fullness after eating, or other stomach trouble, just try Pepsikola tablets on our say so. Our word for it, they will build up your energy, steady your nerves, improve your appetite, enrich your blood and put new life in your stomach as sure as this world.

CHESTNUT RIDGE. Chestnut Ridge, Nov. 30—Mr. and Mrs. Matthew Wheatcraft and son spent Sunday at J. B. Elliott's.

Mr. and Mrs. Percy Croft and son Owen have gone to Iowa for a short time. From there they will go to Kansas City, Kans. to visit friends.

Charles Layman and a couple of friends from Canton are spending a few days here hunting.

Mr. and Mrs. George Arnold and family of Warsaw spent Sunday at Mr. Amos Freese's.

A number of the friends of Fred Kemp gave him an old fashioned corn husking recently.

Revival meetings begin at Elliott's Chapel Monday evening to continue a week or more.

Mayor Dyer Dead. Providence, R. I., Nov. 30—Mayor Elisha Dyer of this city, and former governor of Rhode Island, died suddenly of heart trouble.

Funny Faces at The Rink

The masquerade given at the Main Street rink Wednesday night, was a success. About 25 skaters were masked, some of them in very pretty and unique costumes. The floor was crowded with unmasked skaters, and the occasion was a jolly one. The band played all evening and made good music to skate with.

Those who took prizes were Mr. and Mrs. Merrell, dressed as an "Old Colonial couple." Mrs. Merrell had a false face arranged on the back of her head to tell whether she was "coming or going." Jess Charles as a "hobo" was good. Elwood Kirker made an excellent "Buster Brown." Ralph Holmes as a "little Indian" was very nicely masked. Tom Kirk, dressed as a "girl," made a very fine lady.

The judges were Miss Margaret Peoples, Miss Mattie Kirk, and Miss Minnie Wiggins.

FRESNO.

Fresno, Nov. 30—Miss Edith Kucher went to New Bedford, Ohio, to spend several days with friends.

Dr. Car of Coshocton was called here Sunday.

The young people are planning to give a play in the opera house tonight for the benefit of light funds.

A. Rowe has bought the Irwin Stahl farm and later will move to Portage county.

It is reported that Mrs. Geese is to be married and return to her farm. A. C. Soudes of Coshocton spent last Thursday here hunting.

Two cars of stock were shipped from this place, also one car of hay by S. E. Boyd, and one car of goods by S. E. Boyd to Oklahoma.

Twenty-two families were deprived of benefit of rural mail last week on account of impassable roads. The county commissioners have been asked to order the roads to be graded in the fall. The grading was completed Sept. 10, and no gravel has yet been placed on same. In violation of a contract with our town, the road is to be graded.

Harry Attack and family of Cleveland are here for a visit to friends.

Dora Long and family of Kimbolton visited here.

W. C. Gephart and wife spent a few days in Layland Ohio.

An alarm of fire was given Friday that George Burcaw's house was burning, but by prompt assistance it was saved by a large hole in roof.

Mrs. C. W. Delbel spent Thanksgiving with friends at Wilmet.

DO NOT DOSE THE STOMACH. Cure Catarrh by Breathing Hyomei. Sold Under Guarantee.

The only scientific and common sense way to treat catarrh of the nose and throat is by a local application that will kill the catarrh germs.

Ordinary stomach dosing is worse than useless. Taking medicine into the stomach to cure catarrh of the head can have no good effect, and often leads to serious derangement of the digestive organs.

By breathing Hyomei three or four times daily through the neat pocket inhaler that comes with every outfit, its medicated, healing air penetrates to the most remote parts of the nose, throat and lungs, searches out and kills all catarrhal germs, and soothes and heals any irritation in the mucous membrane.

C. E. Anderson's faith in the wonderful merit of Hyomei as a cure for catarrh is shown by the guarantee he gives with every Hyomei outfit that the money will be refunded unless the treatment gives satisfaction.

A complete Hyomei outfit, consisting of a pocket inhaler, a bottle of Hyomei and a medicine dropper, costs but \$1, extra bottles of Hyomei, if needed, 50 cents. C. E. Anderson gives his personal guarantee to refund the money if Hyomei does not relieve, so that you run no risk at all in buying this reliable remedy.

BLOOD POISON CURE YOURSELF AT HOME

Most persons who are afflicted with Contagious Blood Poison hesitate to go to a physician for several reasons. In the first place the expense is heavy, and they know that the inevitable treatment will be mercury and potash, strong minerals that act with disastrous effects on the delicate parts of the system, and which do not, after all, really cure the disease. What they want is a safe, reliable treatment that can be taken at home and a perfect cure made of this loathsome disorder without unnecessary exposure or expense. Such a remedy is S. S. S.—it is the only medicine that goes down to the very bottom of the trouble and drives out the last trace of the poison so that there are never any signs of its return. It does not contain a particle of mineral in any form, and after removing the disease from the circulation builds up, etc., part of the system by its fine vegetable tonic properties.

S. S. S. attacks the trouble at its head and not only permanently cures the disease for the one afflicted, but so purifies the blood that future offspring is insured against infection.

S. S. S. may be taken in the privacy of your home and a perfect cure made of this hateful and loathsome trouble. For the assistance of those who are curing themselves with S. S. S. we have prepared a special book on Contagious Blood Poison which contains instructions of great value to all blood poison sufferers. We will be glad to send you this book free.

A PERFECT DAY.
Thanksgiving was a perfect day in every respect, the weather man be-
lieves. The air was brisk and just sharp enough
to follow the proper appetite for the big turkey dinners that in scores of
families followed the splendid sermon of the union church services. Hun-
dreds of people flocked to the football game in the afternoon, and many visited the
city. In the evening the K. P. dinner, fraternity ball and theatres at-
tracted large crowds. The fraternal boys ended the celebration by their banquet
night at the Park. Although it was one of the most eventful
and giving days Coshocton ever had.

"Diana" Answered
Editor Age: Diana wants to know
if she should marry "him" when he
is earning \$12 a week. Certainly. \$2
a day is not a bad wage. Many fam-
ilies live, thrive and prosper on that
sum and many on less than that.
That means \$50 a month. A cozy lit-
tle home presided over by a pretty
little wife such as I am sure she is
— or will be — is a heaven any man
would be proud of, and there is no
reason that \$12 a week cannot keep
both Diana and "him" comfortably
and well. Besides if he is worth
half as much as she thinks he is, it
won't be long till he is earning more.
By all means get married.

partment on no occasion, and gave
out no statement of such a character."

Income Tax.
London, Nov. 30.—The select com-

and of differentiating between earned
and unearned incomes has issued a
report to the effect that the gradua-
tion is practicable in incomes not ex-
ceeding \$5,000 and that differentia-
tion can be made in incomes not ex-
ceeding \$15,000. The committee sug-
gests also the imposing of a super-tax
on incomes exceeding \$25,000. It ad-
mits, however, that there are many
difficulties in discriminating between
earned and unearned incomes.

OAK GROVE.
Oak Grove, Nov. 30.—The report of
National Secretary Charles M. Free-
man shows a substantial gain over
last year. The Grange during its for-
ty years of existence has made a
low but steady growth. Many orga-
nizations of various kinds have come
into existence in this time, flourished
for a while and then dwindled away.
This, however, is not true of the
Grange. During all these years it
has been increasing its numbers un-
der the wings of the American farm-
ers. It has long since passed its
elementary stage, and is one of the
strongest of the nation's institutions,
that has come to stay.

Oysters With a Difference
Sealshipt Oysters are packed in a sanitary germ-proof, enameled
case, which is sealed. Tub oysters are packed in a stale, slimy,
soggy, wooden tub with a loose cover.
Sealshipt Oysters are handled only by the men who shuck them at
the beds. Tub oysters are tended by the hand too often grimy—
of the railway employees.
Sealshipt Oysters are protected from germs by an air-tight, sealed
case. Tub oysters are packed in a tub with an ill-fitting remov-

SHOCKED
Was Pierpont Morgan When Told
News of Spencer's Death.
New York, Nov. 30.—News of the
death of Samuel Spencer in the South-
ern railway wreck reached J. P. Mor-
gan just as he was about to enter
Grace church. When the news of his
friend's death was told him Mr. Mor-
gan turned deadly pale. "Sam Spen-
cer!" he almost shouted. "My God,
man, is Sam Spencer dead?" He
trembled until his limbs almost gave
way. Several friends, thinking he
was about to collapse, ran to him.
"This is a terrible shock," Mr. Mor-
gan said, when he had somewhat re-
covered himself. "I can't say any-
thing now. I was never so shocked
in my life." A friend helped the finan-
cier to a carriage, and he was driven
home.

Catarrh of the Stomach
A Pleasant, Simple, But Safe and
Effectual Cure For It.
COSTS NOTHING TO TRY
Catarrh of the stomach has long
been considered the next thing to in-
curable. The usual symptoms are a
full or bloating sensation after eating,
accompanied sometimes with sour or
watery risings, a formation of gases,
causing pressure on the heart and
lungs and difficult breathing, head-
aches, sickle appetite, nervousness
and a general played out languid feel-
ing.
There is often a foul taste in the
mouth, coated tongue and if the in-
terior of the stomach could be seen it
would show a slimy, inflamed condi-
tion.
The cure for this common and ob-
stinate trouble is found in a treat-
ment which causes the food to be
readily, thoroughly digested before it
has time to ferment and irritate the
delicate mucous surfaces of the
stomach. To secure a prompt and
healthy digestion is the one necessary
thing to do and when normal diges-
tion is secured the catarrhal condition
will have disappeared.
According to Dr. Harlanston, the
safest and best treatment is to use
after each meal a tablet, composed of
Diatase, Asptic Pepsin, a little Nux,
Golden Seal and fruit acids. These
tablets can now be found at all drug
stores under the name of Stuart's
Dyspepsia Tablets and not being a
patent medicine can be used with
perfect safety and assurance that
healthy appetite and thorough diges-
tion will follow their regular use after
meals.
Mr. R. S. Workman, Chicago, Ill.,
writes: "Catarrh is a local condition
resulting from a neglected cold in the
head, whereby the lining membrane
of the nose becomes inflamed and the
poisonous discharge therefrom pass-
ing backward into the throat reaches
the stomach, thus producing catarrh
of the stomach. Medical authorities
prescribed for me for three years for
catarrh of stomach without cure, but
today I am the happiest of men after
using only one box of Stuart's Dys-
pepsia Tablets. I cannot find appro-
priate words to express my good feel-
ing. I have found flesh, appetite and
sound rest from their use."
Stuart's Dyspepsia Tablets is the
safest preparation as well as the sim-
plest and most convenient remedy for
any form of indigestion. Catarrh of
stomach, biliousness, sour stomach,
heartburn and bloating after meals.

And Now for Christmas

With Thanksgiving past, it's time now to begin thinking of Christmas—the gifts you must plan for—of the best way to spend your Christmas money. Naturally you want that money to go as far as possible—to purchase gifts that will be welcomed because of their usefulness and beauty. We need not comment.

We have been planning for our Holiday trade for a long time, selecting only those pieces that are newest in design, of the most fashionable upholstery and best woods. Un-

broken lines are ready for your inspection—lines that include everything in furniture from the good old-fashioned rocker to the newest and latest novelties in tables, dressers, etc.

It will pay you to make your selections now and we will be glad to hold the goods until Christmas.

In Time of Peace

In the first months of the Russia Japan war we had a striking example of the necessity of preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of cold and it should be kept at hand ready for instant use. For sale by C. E. Anderson, Book and Drug Store, Coshocton, also C. M. Ferguson, Roscoe.

Why not have them taken now and avoid the holiday rush? We have them at all prices. If possible bring children in the forenoon. A nice enlargement of some one of your family makes an acceptable Christmas present.

Gleason-Finlay Wedding

Thanksgiving day at one o'clock there was solemnized a wedding the rumors of which have been setting Roscoe and Coshocton society aside for some weeks. The bride was Miss Maud Gleason and the groom, Mr. Hugh Finlay and the ceremony was performed at the home of the bride's parents, Mr. and Mrs. E. C. Gleason of Roscoe. The guests included only the members of the immediate families with the addition of Mr. and Mrs. John Gleason of Mount Pleasant, Mr. and Mrs. Ed. Finlay, Rev. and Mrs. Alvahman, Miss Mattie Hack and Miss Francis Jones of West Lafayette. Miss Jones played the wedding march and as the bride came down the stairs and took their places they were met by Rev. Maughman who read the impressive

COULD WE LIVE 100 YEARS?

The Secret of Long Life is Not in How We Eat, But What We Eat.

Most people wouldn't want to exist for that length of time, but most of us want to live to, say, at least seventy-five years, to enjoy the well earned rest of a life of toil.

We can't live even to that age unless we take care of our stomachs.

The American has a longer life now than he had 50 years ago—statistics say so, and it must be true.

Why is it? Not because he works harder, but because he takes greater care of his machine—his body machine.

He has learned that it is a sin to overwork and burn out the stomach with too much heat-producing material—meat, for instance.

Heat is not strength, it is weakness.

Muscle and bone is the strength we need. The heat part will then come naturally and never in excess. Let us not hunt for it.

The hot stomach makes the brain hot.

The hot brain makes dullards of the quick.

Wheat?

The purest wheat, the wheat with the starch, the albumen and the fibrin! This is the fighting material millions are buying today.

Wheat grains have a shell. The shell is not good to eat. You cannot digest it.

It makes the stomach work overtime.

Buy the purified wheat, the pearly grain from which the chaff, the hull and the husk, and everything not rich and delicious is thrown out.

That is Hardyfood.

Every part of it is consumed by the body and taken into the blood to make tissue.

It doesn't make clinkers but it will make you over.

It will give you a new stomach, and clear out your kidneys. What will be the result? You will have better digestion, no constipation, full nutrition.

You will endure hardship better because it will give you power and strength in muscle and brain force.

Your mind will be clear, active and healthy.

Hardyfood is cooked, ready to serve.

Eat it with cream, you find it delicious.

The stomach crabs at it, that is why it satisfies you.

Remember that Hardyfood has all the good that meat has, and three times more.

Meat has a small part of what wheat has, and three times less.

But you needn't stop eating meat altogether. A little now and then is needful. But cut down your allowance and try Hardyfood.

From the time you try your first package of Hardyfood, your history will begin.

Your grocer will sell you a package for 10 cents.

ceremony. An elaborate wedding dinner was served and No. 3 carried the two away on their wedding trip. They are keeping their destination a secret but upon their return will call Coshocton home having planned to go to house keeping in a pretty home on North Fourth street. It is superfluous to remark that both Mr. and Mrs. Finlay are being deluged with good wishes, their friends are legion and each of the good wishes expressed is brimming with sincerity.

Four Generations

A family gathering of more than unusual interest was held at the home of A. L. Tyler Thanksgiving day when four generations sat down to do justice to the bountiful dinner provided. They were Mr. and Mrs. W. B. Tyler, Mr. and Mrs. Al Taylor, Mr. and Mrs. Ed. Brennan, Mildred and Edward Brennan.

At Lafayette

The supper given by the West Lafayette high school in the town hall at that place, was well patronized. About \$35 was the amount taken in which will be used to help buy a piano for the school. The social was a success in every way, and a good time was enjoyed by all present. Near the close of the evening, games were played and the merriment lasted to a late hour.

Do Away With Food Adulteration

The People Have a Right to Know What They Are Eating.

Too great attention cannot be given to the food we eat. The health of our families is at stake. Are we to submit to the atrocities of the food adulterators? No. We must have laws to protect us and those laws must be enforced.

It is of interest to note that there is at least one article of food about which we can know everything. This is Malta-Vita, popularly called "The Perfect Food," the pure, all-grain product, in which every element of food necessary to the proper nutrition of the human body is found.

In the manufacture of Malta-Vita the whole of the wheat is thoroughly cleaned, cooked in the purity of absolute cleanliness and then mixed with the finest malt extract, made from specially selected barley. The cooking and steaming of the wheat gelatinizes the starch, and the malt extract, a powerful digestive agent, converts this starch into maltose, or malt sugar, in which Malta-Vita is very rich. Maltose is of great food value, sweetens the wheat sufficiently to make unnecessary the use of any foreign sweetening agent and the weakest stomach digests and assimilates it without effort. Rolled into wafer-like flakes and baked under intense heat, Malta-Vita comes from the oven crisp and brown, positively the most delicious food in the world. All

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A Wonderful Remedy

Mr. C. E. Pitzer, Newark, Ohio, says: I think Dr. Jackson's Digestive and Liver Powders are the greatest remedy in the world. I suffered constantly from rheumatism, bloating, sour stomach and heart trouble. At times I could hardly get my breath. I could not eat solid food and nothing agreed with me. I could not sleep or rest and kept getting worse. After trying many remedies I concluded to give

Dr. Jackson's Digestive and Liver Powders

a trial. From the start they relieved me, appetite improved, gained strength. I could eat anything with out suffering afterwards. After using a few boxes I was entirely cured. The above trouble was caused by indigestion. Our powders simply contained the ingredients to replace what was lacking in his weak stomach and digestive organs to digest the food and prevent it from fermenting. They converted the food into good, rich, red blood and built up the entire system. Being in powder form and dose sufficient they dissolved in his weak stomach and gave relief at once.

On sale by all druggists. Price 50c and \$1.00. If you want medical advice free, write to A. L. Jackson, A. M., M. D., president of the JACKSON MEDICINE COMPANY, Zanesville, Ohio.

IN THE SPIRIT OF GRATITUDE

Anglo-Saxon And Protestantism Form Thanksgiving Theme

A Thanksgiving sermon in keeping with the beauty of the day was delivered by Rev. Robertson at the union services at the M. P. church was well filled, representatives being Thanksgiving morning. The church present from almost all the congregations.

Rev. Robertson said there were two paramount blessings for which we should be especially thankful. One is the fact that we belong to the great Anglo-Saxon race and the other is the fact that we are associated with the Protestant church.

He chose for his text the fourteenth verse of the fiftieth Psalm: "Offer unto God thanksgiving; and pay thy vows unto the Most High."

The congregation was inspired by Rev. Robertson's eloquence. He proudly championed the Anglo-Saxon race, whose supremacy is acknowledged. He said the citizen here who is not native born has the same rights as any other American citizen because the race itself is a fusion of many bloods. England rules over one-seventh of the world, America began with a few colonies and has spread until it now has eighty million souls and by the year 2,000 will have 400,000,000. One writer says "that by the end of the century we will outnumber all other races."

England made us Protestant instead of Roman Catholic by the destruction of the Spanish Armada. England has caused peace among the powers by protecting America and saving to the other European powers. "You touch a single hair of my daughter's head and you will have to settle with the navy of Great Britain."

We need have no fear for the future if we continue to hold to the Protestant faith. The race will share in the glorious future of the church. The earth is too circumscribed for it. Heaven is its ultimate home.

Rev. Robertson's sermon was one to ponder on and he left many beautiful thoughts in the minds of those who heard him. The invocation at the opening of the service was made by Rev. Weber and Rev. Fisher had charge of the ceremonies. Rev. Hamilton offered up prayer and the benediction was pronounced by Rev. Johnston.

Herring Catch.

St. Johns, Nov. 30.—Thus far in the present fishing season about 35,000 barrels of salted herring have been taken from Bay of Islands. Ten vessels will sail for the fishing grounds this week. The weather is not yet cold enough to freeze the fish, and frozen cargoes will not begin to come in until Dec. 10.

Emperor William's Gift.

Berlin, Nov. 30.—Emperor William, in recognition of Thanksgiving, has presented a large photograph of himself to the American church here. The Rev. Dr. Dickie, the pastor, announced that it would be hung in the church library by the side of the picture of President Roosevelt.

Teachers Attend E.O.T.A Meeting

Mrs. C. Mahan, Miss Kate McClure, Miss Mame McClure, Miss Tilly Laurie and Miss Mina Greagor went to Steubenville this morning to attend the annual meeting of the Eastern Ohio Teacher's Association. Miss Mame McClure has a place on the program her subject being "Suggestions to Young Teachers on How to Keep Order." She is one of the two women on the program the other one being Miss Julia A. Weaver, the supervisor of music at Mingo Junction who is down for a vocal solo.

WEST CARLISLE.

West Carlisle, Nov. 30.—Miss Mina Lovett of Burlington, Iowa, is visiting her brother Mr. E. T. Lovett.

O. C. Chancy was in Coshocton last Wednesday.

Miss Ella Lovett who has been in Columbus for several weeks has returned home.

Dr. R. C. Edwards was in Coshocton last week.

Mrs. Sarah Welling and daughter Ella spent Sunday with friends in Frazzsburg.

Miss Edna Edwards entertained the following at her home Saturday evening: Helen Heft, Helen Forrest, Martha Moore, Myrtle Edwards, Mary Watson, Fay Howell, Fann Wintermute, Hazel Hoover Otto, Mosholder, Chester Lake, Ross McKee and Harold White. The evening was spent in games and music after which dainty refreshments were served.

Messrs. L. B. and A. D. Prestor of Coshocton were in town Saturday. Miss Mamie Stump and mother of Parkersburg, W. Va., visited Cooperative friends Sunday.

Mrs. J. W. Bradford is holding a special sale of millinery goods.

Rev. Brown preached in the Presbyterian church Sunday morning and evening.

Mr. and Mrs. J. W. Magruder were in Coshocton Monday.

Rev. Shook held Thanksgiving services in the M. E. church Thursday morning.

Emmett Crawford went to Chicago Saturday.

D. B. Palmer and son of Dresden were in town Monday tuning pianos.

Mr. and Mrs. Ed. Evans of Tiffin were in town Saturday.

John Clark is in Columbus this week.

Hunting Notes.

John Gross and William Carpenter went to the Walhonding valley Thursday and will spend several days hunting.

Tom Reboon and Henry Lorenz caught thirty-three rabbits and will send West Bedford Monday and Tuesday.

James Robinson and J. E. Olson bagged two quail and four mallard ducks.

Served Twenty Years in Pen.

Columbus, O., Nov. 30.—George Holverstott of Greene county, serving a life sentence for murder, received the Thanksgiving pardon. He served 20 years and he is gray-haired and feeble. His sentence was for the murder of a neighbor in a dispute over a dog. All that Holverstott saw on the way to Union station—buildings, streetcars, automobiles, etc., were like glimpses of fairyland to the old farmer. The noise and bustle bewildered him, and he wanted to reach the shelter of the station as soon as possible.

Lack of Coal.

Mayfield, Ky., Nov. 30.—Four factories, three newspaper plants, a foundry and various other concerns were closed down here because of lack of coal for power. Several hundred people will be idle for the balance of this week. This is the worst coal famine that ever existed here.

Arrested on Arson Charge.

Toledo, O., Nov. 30.—Deputy Fire Marshal Rings of Williams county, O., arrested Ira N. Bryant, alleged leader of a gang of firebugs. The specific charge against Bryant is that he conspired to burn a grist mill at Pettisville, Fulton county. This was 28 years ago. Bryant is a wealthy stockman and farmer. Ohio authorities claim that he and George Letcher, a former Fayette banker; Homer Morrison and Jack Page, were the leaders of the firebug gang which burned over \$1,000,000 worth of property 25 years ago. Page is a self-confessed firebug and Letcher and Morrison are in the penitentiary.

The Record of an Old Policy Closed

Policy No. 15 in the Northwestern Mutual Life Insurance company was issued May 27, 1889, on the life of Hon. Carl Schurz for \$5,000, on the ordinary life plan, at age 30, annual premium \$115.10. All dividends were used in reduction of premiums. Mr Schurz died May 13, 1906, and the result of his policy was as follows:

Forty-seven premiums paid in cash, \$5,409.70.

Cash dividends returned (including post mortem dividend of \$87.35) \$2,876.53.

Total net cost of \$5,000 insurance for 47 years \$2,534.17.

The dividends averaged over 52 per cent. of the premiums during the whole period, making the average annual cost but \$53.92 on \$5,000, or \$10.78 per thousand.

The above result is believed to be better than experienced in any other company during the same period on a similar policy.

But the dividend for 1905 was \$65.95 or over 57 per cent of the premium, reducing the cost for the year to \$49.15, or \$9.83 per thousand.

Interesting as is the full history of this policy, the fact that its "last years were its best years" is of especial importance to intending investors.

Worst Man in Town, The Topic

Dr. Morrell continues his evangelistic services at the Christian church corner Seventh and Poplar streets, Wednesday evening he spoke and the striking subject "Praying in Hell" and made clear four points; that it is possible to pray to the wrong person for the wrong thing, at the wrong time and the wrong place. Last evening "Thanksgiving in Heaven" was the subject. Rev. Morrell discussed.

Dr. Morrell speaks again this evening. Sunday will be a big day and Dr. Morrell will speak four times; to the Sunday school in the morning, 10-10 30 in the Hour of Worship, in the afternoon he is planning for a meeting for men alone when he will speak on the subject "The Worst Man in Coshocton" or give a fellow another chance." In the evening at 7 o'clock he will conduct what may be the last service in the series. Song service and testimony meeting this evening at 7 to 7-15. All invited. No man should miss the men's meeting Sunday afternoon.

It rarely fails to cure rheumatism because it supplies the blood with the necessary substance to absorb the poison of rheumatism—uric acid. That is what Hollister's Rocky Mountain Tea will do. Tea or Tablets, 35 cents. C. E. Anderson.

Ka'chte of Pythias.
The biggest and there are those who say the best Thanksgiving dinner served in Coshocton yesterday was the one which made four impressive tables in the K. P. rooms.

Horribly groan under the weight of each thing. The gallant knights were the hosts and their guests were their wives and sweethearts about two hundred people in all being present. The tables were arranged in the form of a letter P with all the "wing" the come length and even ones chrysanthemums at each place formed the decorations. There was music by fidelity orchestra, a drill by the lodge team and afterwards cards for all. The occasion was a memorable one.

Frederick and Mrs. R. L. Donley and Miss Nellie Thompson enjoyed their Thanksgiving dinner with relatives of Jersey, Licking county.

Jesse Adams of New York City came Thursday to remain until Sunday with his parents Mr. and Mrs. John M. Adams on Chestnut street.

UNHAPPINESS DISPELLED
Men and Women Unanimous About It. Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send for complete sample to The Herpicide Co., St. Louis.

Indigestion Houses for Sale and Rent

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be achieved.

For stomach distress, bloating, biliousness, breath and shallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

"Having taken your wonderful 'Cascarets' for five months and being entirely cured of stomach trouble and dyspepsia, I think a word of praise is due to 'Cascarets' for their wonderful composition. I have taken numerous other so called remedies without avail and I find that 'Cascarets' relieve more in a day than all the others I have taken in a year."

Souvenirs for the Children

Orchestral Music

There will be something in our mammoth stock of Christmas merchandise to interest every citizen of Coshocton. Such a collection was never brought together before in this city. For our opening we will have all the lines displayed. We have prepared especially for the entertainment of the children, and we hope that parents will permit them all to be present. We have a very clever mechanical toy, one of which we will present to each child present on Saturday afternoon.

It will be time pleasantly and profitably spent to visit us either Saturday afternoon or evening.

We are, without doubt, the largest handlers in the county of Toys and other Christmas goods. We study the wants of the people closely; we are in a position to procure all the new and novel things and we surely have them this season. We hope to see you on Saturday, December 1st.

Teddy Bears

This unique novelty has made a decided hit with all children. They make a durable plaything and their life-like appearance makes them very fascinating. Teddy Bears are mostly imported and at present are very scarce. We have quite a good supply in both cinnamon and white.

The greatest Holiday Novelty—Teddy Bears—75c to \$8.00 each.

Rich Cut Glass

++++

It's never poor taste to give genuine cut glass for Christmas Gifts. Our lines of this beautiful ware together with Fountain prices have made cut glass one of the strongest features for gifts. Our new Holiday collection is just arriving. There are many new and artistic cuttings. We buy plenty of small and medium sized pieces, thus your remembrance though small, bears the stamp of genuineness.

Rugs as Christmas Gifts

There is much thoughtlessness in Christmas giving. This comes necessarily. However, there is an opportunity at this season for thoughtful giving. A room-size rug gladdens the heart of mother or daughter and adds a touch of cheer to the home. All members of the family must appreciate the giver of such gifts

Toys Toys Toys

Parents and children who attend our Christmas Opening on Saturday will feast their eyes on the most glorious array of toys of every description ever exhibited in Coshocton. Lines carried elsewhere are a mere handful compared with this magnificent showing. We have mechanical toys for boys and every conceivable kind of dolls or plaything for the girls.

(Basement)

Dolls, Sleds, Books Doll Go-Carts

Our doll display beggars description. The showing of dressed dolls certainly presents a pretty sight. Some are demure blondes and some are brunettes with flashing black eyes. We show go-carts in all sizes and in all grades. Sleds in endless variety crowd every corner.

Shoo-Flys and Rocking Horses—all sizes.

We anticipate the largest business in our history and if good merchandise and cour-
teous treatment will get it, we will succeed. (Basement)

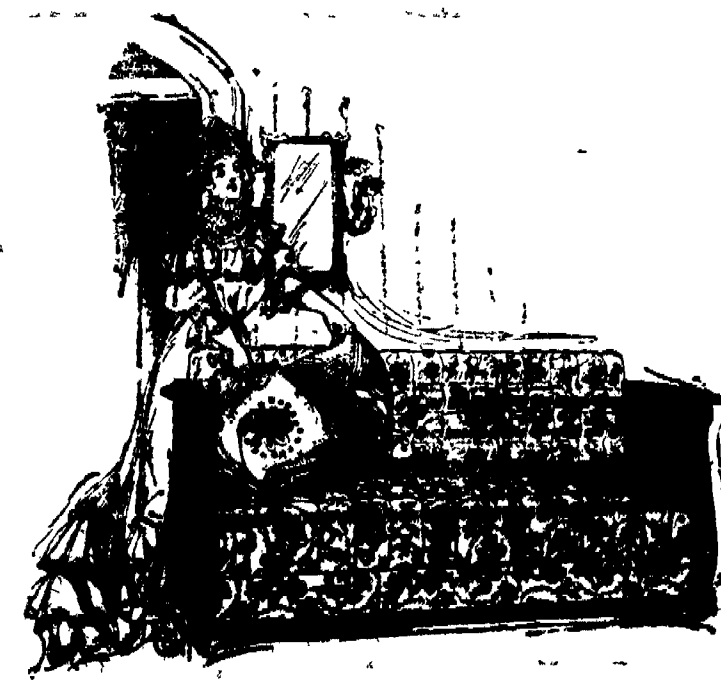

Elegant Furniture is Appropriate We have it.

In selecting Christmas gifts from this department you get an article not only to beautify your home but one that is appropriate and will be useful to the recipient.

Appropriate gifts for wife, mother, sister, sweetheart, husband, father, brother or "best fellow"—gifts that will be remembered and appreciated long after other kinds have been worn out

Our stock is replete with new creations and handiwork of the most skilled craftsmen in the great Grand Rapids factories, where ninety per cent of the latest furniture designs originate. We get all the choice pieces by making a personal visit to the semi-annual exhibition of manufacturers and are in a better position to show you furniture "right up to the minute" than those who do not attend these shows.
